RUST PROOF IRON,

FOR

ROOFING, WINDOW SHUTTERS &c

THE subscribers beg to call the attention of all those interested in roofing to their GALVANIZED TIN PLATES, and to the many advantages which they possess over all metallic and other substances hitherto used for this purpose, possessing as they do, the strength and lightness of iron without its liability to rust having now been tested several years, both in this country and in Europe They are also less subject to expansion and contraction from sudden changes of the atmosphere, than common Tin Plate, Iron, Zinc, &c, or any other metal now used for roofing and consequently form a much better and tighter roof, requiring far less frequent repair, whilst the first cost is but a trifle more

The subscribers would also call the attention of all dealers and workers in metals, to the many other purposes to which Iron thus protected can be applied In general terms it is applicable to all articles of iron which it is desirable to protect from the action of the atmosphere And they would especially call the attention of those interested in TELEGRAPHIC LINES, to their Galvanized Wire, which is now almost entirely used in Europe and which answers every purpose as a conductor of electricity, costing only about one half as much as copper, and possessing equal durability with that metal

Having lately erected works in this city for the purpose of galvanizing Nails, Spikes Bolts Wire &c, they will be able to furnish any article which may be desired A supply of Plates (manufactured in Europe,) constantly on hand, from 16 to 32 wire guage GEO B MOREWOOD & CO.

DR. UPHAM'S

Vegetable Internal Remedy

FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen Inflammation, Soreness and Ulceration of the Stomach Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism Impurity of Blood Weakness and Inflammation of the Spine and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY invented by Dr A Upham a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public

Mark this, it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external and probably the only thing that will There is no mistake about it It is a positive cure—speedy and permanent It is also a convenient medicine to take and improve the general health in a remarkable manner

Each box contains twelve doses, at $1 a single dose, It is very mild in its operation and may be taken in cases of the most acute inflammation without danger— All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effects This medicine attacks the disease at its source and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT

INFLAMMATORY DISEASES

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ In Inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulcers of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR UPHAM'S ELECTUARY is entirely unrivalled

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head &c— The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution in the offspring

CURE FOR LIFE GUARANTIED

The Electuary contains NO MINERAL Medicine no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative No fear of taking cold while under its influence, no change in diet necessary If taken according to the directions, A CURE FOR LIFE IS GUARANTIED

Pamphlets giving valuable information respecting this Medicine may be had of Agents, gratis

GREAT SUCCESS OF UPHAM'S

PILE ELECTUARY.

Portland, Me, March 14 1847

Dr UPHAM—My dear Sir, I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary I have been a perfect martyr to the Bleeding Piles for 10 years past so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs My eyes also became affected, and in fact I was a martyr to myself I was obliged to give up my business I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford spent much money—and twice submitted to painful operations I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine The first I found to relieve me slightly but still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well, still I kept on, and now I am a well man My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health, and now in a condition to support my large family dependent on me

You can use this letter as you please

Yours respectfully, SAMUEL CHARLTON

FOR SCROFULA,	DYSPEPSIA
JAUNDICE	LIVER COMPLAINT
COSTIVENESS,	HUMORS, RHEUMATISM

THIS valuable medicine is used FOUR times as much now as ever This is because that not only PHYSICIANS but the public know it by experience, to be FAR the BEST, and therefore give it the decided preference to any other preparation, or form of Sarsaparilla

Kelley & Co.'s Sarsaparilla,

is so strong and so certain to do good, but more than all, is known to have performed so many astonishing cures of DYSPEPSIA—of SCROFULA, and of every form of RUN DOWN CONSTITUTION that it has in spite of every opposition which self interest or malice could devise, won its way to the favor of PHYSICIANS and the public in SIX STATES of the UNION, in a very short time

Try it! Try it! Let not the frequent disappointments which you meet with in the use of other articles, deprive you of the ALL HEALING, and HEALTH-RESTORING power of this MEDICINE!

THE FIFTH EXHIBITION

OF THE

Massachusetts Charitable Mechanic Association,

For the Encouragement of Manufactures, and the Mechanic Arts

Will take place at

FANEUIL AND QUINCY HALLS,

IN THE CITY OF BOSTON,

Commencing on Wednesday September 15th, of the present year

The Government of the Association, being vested with full powers to make all necessary arrangements announce our FIFTH EXHIBITION in full confidence that the various and important improvements in every department of Mechanic and Manufacturing industry to which the inventive genius of our countrymen is constantly giving birth, cannot fail to render this Exhibition more valuable interesting and beneficial than either of its predecessors

We therefore respectfully invite and solicit Mechanics Manufacturers and Artists throughout the Union, to contribute specimens in every department of labor or skill, articles of wood stone, metal or any other material The products of the loom in silk cotton wool hemp, flax or hair, the creations of female industry and taste and in fine any production, made of whatever material, which can in any way minister to the comfort or improvement of society

And we hereby offer a Premium of One Hundred and Fifty Dollars to the inventor of such machine implement, or scientific discovery, as shall be deemed by the Judges most important to the well being of mankind Also a premium of One Hundred Dollars for such machine, &c as shall be considered second in importance, and one of Fifty Dollars for that which shall stand third in this respect it being understood that such machine or implement, and, if practicable such scientific discovery, shall form part of the present Exhibition

MEDALS (of Gold or Silver) or honorary Diplomas, will be awarded, as the articles exhibited may deserve, and the Managers pledge themselves that the strictest impartiality shall be observed in their distribution

ARTICLES, to ensure a conspicuous place in the Exhibition, should be sent in season, that they may be registered by the Superintendent at Quincy Hall on or before Saturday, Sept 11th

THE FREIGHT of all articles, machinery, &c, which may be sent for the Exhibition over the various railroad connecting with the city, will, if such articles, &c, are accepted and actually exhibited, be refunded by the Association

All who may wish to present machines models or goods, for premium or exhibition, are requested to address Mr JOHN KUHN, Secretary of the Association City Building, No 21 Court Square, Boston, post paid which will meet with immediate attention The Secretary will also furnish, on application, gratis, copies of our General Circular, containing the precise Rules and Regulations of the Exhibition

WHIG NOMINATION.

FOR GOVERNOR,

DAVID BRONSON.

DEMOCRATIC WHIG COUNTY CONVENTION.

☞ THE WHIGS of the County of PENOBSCOT are notified that a Convention will be held in the City of BANGOR, on SATURDAY the 21st day of August inst., at the City Hall, at 10 o'clock A. M., for the purpose of nominating

Three Candidates for Senators,
A Candidate for County Treasurer,
Two Candidates for County Commissioners;

and to transact such other business as may come before the Convention.

The Whigs of the several Towns and Plantations are requested to be represented by Delegates in said Convention, upon the basis which has heretofore governed.

See Order of the County Committee.

Hancock Co: Whig Convention.

☞ There will be a Convention held at the TOWN HOUSE in BLUEHILL, on SATURDAY the 14th day of *August* next, at 11 o'clock A.M., to select a Candidate for Clerk of the Courts—three Candidates for County Commissioners—and a Candidate for County Treasurer—to be supported by the Whigs at the September Election.

Per order of Committee.

July 16, 1847.

Hancock Western Senatorial District.

☞ THE WHIGS of the Hancock Western Senatorial District are hereby notified that a Convention will be held at the Town House in Bluehill, on Saturday the 14th day of August next, at 10 o'clock A.M., to nominate a Candidate for SENATOR for said District in the next Legislature.

Per order of Committee.

July 16, 1847.

Aroostook Senatorial and County Convention.

☞ THE WHIGS of Aroostook Senatorial District are hereby notified that a Convention will be held at HOULTON, on SATURDAY the 14th day of August inst., at 3 o'clock P. M., to nominate a candidate for Senator for said District in the next Legislature, and also to nominate County Officers. Aug.5.

Teachers' Institute.

We learn that the Teachers' Institute for the County of Penobscot will be held the present season in this city, arrangements having been made to furnish those attending the institute with board at as low a rate as is generally charged in the country. There are many advantages in having the Institute held in this city and the only objection has been that of the expense, but this objection is now removed and it is hoped the Institute will be well attended.

The experience in other States and indeed wherever similar Institutes have been in operation has been decidedly and emphatically in their favor. By means of them teachers have become better qualified for the discharge of their varied duties—get warmed and animated in their profession and prepared for entering upon their work with new zeal and elasticity. Every teacher, should feel it both a duty and a great privilege to attend the Institute on his own account, and on account of his example and for the purpose of aiding the great work of promoting popular education, in which the State of Maine has now commenced in serious earnestness.—None can fail to be benefitted in some way by the exercises.

It is proposed to have a course of highly useful and interesting lectures during the session of the Institute upon educational subjects.

It is only necessary to secure the success of the institute for every teacher in the county to attend and feel an interest and for them to give notice of their intention so to do to David Worcester Esq of this city as early as practicable.

Hon Horace Mann Secretary of the Massachusetts Board of education will be present during the session of the Institute, and also several other distinguished friends of popular education. The presence of these men will add much of interest to the meeting and we hope may be an inducement to many, to attend who otherwise might neglect to do so.

☞ C. O. Fanning Esq. of Amherst in Hancock County has left in this office a single root of rye containing forty-one stocks and having over two thousand four hundred kernels, the product of one grain. The stocks average five feet in length.

Mr Fanning has nine acres of rye which he and his neighbors estimate will yield at least forty bushels to the acre. He was formerly a Massachusetts farmer but he says the Old Bay State cannot compete with Maine in agricultural productiveness.

'Gardner,' the celebrated clown, occasionally gets off an 'illustration' that is not so bad.—He says he knows from experience that seabathing is a certain cure for most diseases. He was advised by a physician to resort to seabathing for the cure of a certain malady; and he says he went where the sea was very salt, plunged in, and continued in soak a day and a night, until he was thoroughly pickled. Then he came out, and dried himself with a towel; and as he had been first *pickled*, and then well *dried*, of course he was *cured*.

☞ It has been very generally recommended to scatter salt about the roots of Plum trees. It may be very well to give them a little salt but the quantity should be small and spread around the tree as far as the branches extend.—One of our intimate friends has killed several plum trees this season by supplying them with salt to the amount of a pint each.

In consequence of the action of the British government in charging double postage for letters received in England by the steamer Washington, our government, it is said, has determined not to allow the mails received by the Cunard line, to be transported over our territory from Boston to Montreal, after three months' notice.

☞ The Bangor Democrat complains bitterly that any one should rejoice at the prospect of large craps in Europe, and charges all Whigs who do so with being opposed to the prosperity of their country. The Democrat evidently wishes its readers to understand that it is a part of the locofoco policy to have short crops in Europe.

☞ The news from Mexico by the Massachusetts at New Orleans, is very indefinite. No later authentic intelligence had been received from the capital and the news that negotiations had been broken off, &c. appeared to be merely a rumor.

☞ Elihu Burritt, Esq., declines being the candidate for Vice President, to which he was some time since nominated by the "New Liberty party" in New York.

Telegraphic Despatch to the Boston Journal.

[New York, Monday Aug 9
Two oclock, P. M.]

The La Patrie (Spanish paper published at N. O.) has a letter from Mexico which states that Gen Scott was within eight leagues of the city of Mexico. No Commissioners had been appointed.

Schooner Sarah Strong, from Boston for Baltimore, was wrecked during the gale on Thursday night last, off Montauk. All the crew perished except Henry Kelsey.

Brig Ann Maria, from Baltimore for Boston, lost both masts, spars, and sails, sprung aleak, and was abandoned. Crew brought to this port.

Ship Michigan, Mason, from Boston for N. Orleans has been towed into this port in distress—masts gone.

The Brazilian slaves have escaped from jail in this city.

Markets.—The Flour market is dull. Moderate sales at previous prices

The receipts of corn continue small. Sales of mixed at 68 cents per bushel; and Northern yellow at 70 a 72 cents.

Retail sales of oats at 50 cents per bushel.

The cotton market is inactive, though prices remain firm.

The pork market is also inactive.

Stocks are buoyant. Sales Reading bonds of 1850 at 77½; East Boston Co. 22½; Long Island 33⅞; Treasury Notes Sixes 106 (sales $100,000) For Reading Rail Road shares 66⅞ bid.

ELECTIONS.

In Kentucky, according to the latest advices the elections, which continue three days, look favorable to the Whigs. There seems to be but little doubt, that in the tenth, or Covington District, Major John P. Gaines, Whig, now a prisoner in Mexico, is elected over Gen. Desha, the locofoco candidate. This district was recently represented by Mr. Tibbats loco.

Aylett Buckner, Whig is elected in the fourth District, over A. J. Jarvis. It was represented in the last Congress by J. F Bell, Whig.

In the seventh, or Louisville District, the contest has been close. Garnet Duncan, the Whig candidate, appears to have been unpopular with his party, but on the second day was rapidly gaining, and his friends entertain sanguine hopes of his election. Mr. Thomasson, Whig, was the former Representative.

In the eighth, or Lexington District, lately represented by Garrett Davis, Mr. C. P. Morehead, Whig, was running against a loco and a Native American candidate. At the last accounts he led both his opponents.

In the ninth District, on the second day, the majority of L. M. Cox, Whig, over Mr. French, loco, was 259. Mr Trumbo was the Representative in the last Congress.

From *Indiana*, the returns are not conclusive. It would seem that in the second District, the Whigs have elected John S. Davis, over Mr Henry, loco, the late incumbent. M. Cathcart, loco, is probably re-elected in the ninth District. There is some reason to suppose that P. A. Huckleman, (Whig) is elected over J. L. Robinson, loco, which would make a Whig gain of two members of Congress. The returns, however, thus far received cannot be fully relied on, but we trust that the next advices will confirm the good news already received.

☞ The Boston Monday morning papers contains the following telegraphic despatch:

"Late news from Tampico has been received at New Orleans. A train from Camargo for Monterey had been attacked by a party of Urrea's men, and 80 pack mules, with property valued at $30,000 belonging to merchants, were captured. The health of Tampico is said to have been good. The prisoners whose rescue De Russy attempted had been sent further into that interior."

☞ Henry Clay is now at the White Sulphur Springs, in Virginia. He is said to be looking in firmer health than some time past

The St. John papers say that the services of Mr J. B. Gough have been secured by the Total Abstinence Society of that place for one month, commencing 25th inst

☞ We tender our thanks to Col Maxwell, conductor on the *Eastern Rail Road* to Capt. Jewett, and to Mr. Holmes Clerk of the Governor, for papers forwarded us yesterday, in advance of the mail, by our prompt friend Mr Taylor.

Sedgwick.

This is a month in which many of our people leave their homes and business for the islands, or towns upon the coast where they can inhale the pure air and enjoy the luxuries of fishing and bathing in the ocean. We recommend our friends to visit Sedgwick some 50 miles from here; assuring them that it is one of the pleasantest resorts we are able to name. The sail among the islands, in the 'Secor' (you can find larger, but no better boat) is delightful. At Sedgwick there are two good houses for the accommodation of visitors. We made our stay at Col Dority, (we forget the name of his house) and found excellent accommodations, good rooms, a good table and a host and hostess, prompt to answer all our reasonable calls. An hundred rods from the house there are fine opportunities for sea-bathing, for men, women and children, and near his door are boats to convey you to good fishing grounds, if your desires lead that way.

We add that the charges of this place are moderate, and men of moderate means and wishes, can live as cheaply as at home. Give him a call. Bangor.

August 10th 1847

☞ The Washington correspondent of the Baltimore Patriot, under date of July 30, says:—

"For one, I have but little faith in any rumor which may obtain, that the Mexicans are willing to make peace upon any terms which will be satisfactory to us, or any thing like it. They may appoint commissioners and look at Mr. Trist's proposals and terms, and in this way dilly-dally along so as to prolong the war, but when they come to give their answer, they will most likely decline entering into any such bargain! In my humble opinion, the plan marked out by Gen. Taylor long ago, and which also met the hearty approbation of Mr. Calhoun—that we should draw a line and hold military possession of a part of Mexico, until she comes to terms with us—is the best policy that can be adopted, and I doubt not will meet with the support of the Whig party in the next Congress should peace not be made before that body assembles in December next. This opinion seems to be a prevalent one among the discreet of all parties. If we cannot have peace and must fight out the war, we should have a definite object in view, and not carry on the war as the administration has been doing, without knowing to-day what would be the line of policy to-morrow!"

Augustus Beach is married to Miss Holbrook. It is well, for a *whole brook* should have a *beach*.

Public Annoyances...No. 1.

To the Editor of the Whig and Courier:

I am aware that *croakers* should be as favorable as possible during the *hot season*—but my "sufferings" being "intolerable," I must groan. I know I am a little fidgety—perhaps I am more easily annoyed than most other persons—*perhaps* my croakings may find a response in the groans of some of my fellow citizens, who are compelled to endure the same inflictions. I will make out my list of grievances—it is a pretty long one, and firstly—*Dogs*.

I feel I am treading on dangerous ground, inasmuch as the bare allusion to a certain "black dog" who showed his superior taste by giving his attendance at an interesting lecture before the Lyceum last winter, led to a considerable sparring in the papers. Now, if the thousand and one dogs of this city—black, white and gray, could only be classed with this "black dog" that is, if they were *literary* dogs, and would quietly stow themselves away in a lecture room, I should have nothing to say,—but the fact is, the majority of our dogs are extremely illiterate, unmannerly and altogether unendurable. Most of them keep bad hours—for instance, in the neighborhood of my residence there are some half dozen of these *night prowlers* and at the time when all honest curs ought to be bedded, they set up their nocturnal howling and make night hideous with their everlasting noise. There are families suffering from sickness, and not the least of the sufferings of the poor invalids are the howls of these animals, exciting their shattered nerves and robbing them of rest. Some of these curs are absolutely malicious;—not long since a small child was bitten on its way from school. Last week as I was passing up Hammond Street, I noticed two well dressed ladies coming down—a large dog which appeared to be attracted by the flowing drapery of their dresses attacked them *pell mell*, and had it not been for the passers by who beat them off, there would probably have been a *bustle*-ing scene.

I hope, when another census is taken, the number of dogs will be registered; our people would probably be astounded on ascertaining the number. They are found in every street and lane, and frequently roam over the city in droves. I was passing over Kenduskeag bridge a day or two since, with a friend, and we concluded to number the dogs we should encounter in crossing—we counted *eight* in passing from Lewis' Bookstore to Harlow's Block now being built.

Now, as a yankee, I would like to enquire *the use* of so many dogs in a city like Bangor: one would suppose from the business habits of the Bangorians, that our gentlemen could not devote a great deal of time to the chase. If it be necessary to keep them for this purpose, why can they not be kennelled without the limits of the city proper. The dog is a sagacious animal, and *in the country* no one more than myself, can entertain a higher respect for a good-natured, mannerly, well-trained dog—one that understands what are the appropriate duties "of his position" and that keeps good hours. There is something in *city life* that degrades the dog—and we have seen that during the whole course of the Lyceum lectures last winter, there was only a solitary "black dog" that showed a literary taste, all the rest were roving about annoying street passengers—frightening children, and bow-wow-ing all night to the unutterable agony of nervous invalids. I regard that man a bad neighbor, let his general qualities be what they may, who will keep one or more of these "uproarous" dogs. The caterwauling of the feline race is delightful harmony, compared with this species of annoyance.

The brilliant serenades of madame puss and her coadjutors, can be endured by the consideration that nothing violent is lasting—but this unearthly howl returning with the regularity of night, who can bear? Our western cities have a nice way of "clearing the track" every summer. On the first hot day of the season, it is only to raise the cry of "mad dog" —the dog fever commences—and the way this class of the population decreases is a caution.—But I suppose it is "no go" down east—as the general impression is, that hidrophobia never occurs in this latitude, but is this impression correct? Mr. Youatt, in treating of Hidrophobia or Rabies, states that "the symptoms are too varied to be detected by inexperienced persons." There can be no doubt that many deaths occur from contact with dogs, without the primary cause of the disease being ever suspected. Mr. Youatt says, "though in cases of hidrophobia in the human subject, there is often a dread of water, in the rabid dog there is no reluctance to liquids, or difficulty in swallowing them, in one case out of fifty. The frothing and foaming at the mouth, commonly imputed to the mad dog, is also an error. This frequently takes place in cases of canine epilepsy or nausea, but in rabies exists in a very slight degree. The dog affected with rabies is by no means always ferocious. This is often the case, but in many instances the animal suffers and dies with patience and quiet."

This author gives some excellent advice in reference to the treatment of dogs—he says, "all should prevent their dogs as far as possible, from the risk of contagion in street-fights, and quarrels, to be very carful of them if they are ill, unless with a plain and well understood disease; and particularly to abstain from the practice of allowing the dog to lick the hands or face, by which dirty habit the rabid infection has often been conveyed into the system."

I insist that dogs are as likely to "run mad" in Bangor, as in any other place, and if our physicians were in the habit of looking out for the symptoms, I've no doubt hidrophobia would be reported as frequently as many other summer complaints. I would not like to go within an inch of the dog's nose that I saw whirling round on the side-walk, after his tail, like a fury, and looking just as if he was mad.

Our officers in Mexico say that a great many of the inferior animals are kept in that country, and that one of the most unpleasant things growing out of a residence there, is the continual barking of the dogs through the night.—I reckon not many of these officers went from Bangor—or they never would have mentioned this drawback on their comfort.

The capital invested in dogs in this city is too great, to hope for the enforcement of a "dog-law" even if we had one—but there is a remedy. I know of none more effectual than that adopted, in the city of "brotherly love" Woe be to the dog that tests their hospitality: he is received with great favor, and instantly treated to a nice bit of *peppered meat*—this does the business for him at once.

I call myself a tolerable quiet man—and patience, I know is a christian grace, but then there *is* a limit to human endurance, and all I have to say for *one is*—*dogs look out*.

Female Teachers for the West. Board of National Popular Education.

The Board of National Popular Education propose to collect a second class of Teachers to be sent out this Fall. It is intended that they shall go through a course of preparation similar to that pursued by the Teachers sent out last Spring.

The course consisted of lectures on the details of teaching the Primary Branches,—on History—on Physiology, with special reference to the preservation of health; on the modes of organizing and conducting different kinds of schools in different places, and embraced also various other topics of advice and instruction. Instruction was also given in Calisthenics and Composition. The whole course occupied four weeks; at the close of which time, the Teachers (33 in number) proceeded from Albany to Buffalo, where they divided into separate companies, destined to Detroit, Michigan—Milwaukie, Wisconsin—Chicago, Illinois—Indianapolis, Indiana—Springfield, Illinois, and Burlington, Iowa. At each of these places, Gov Slade had previously organized Committees, who received the Teachers on their arrival and provided them with schools. One of the Teachers has gone to the Territory of Minnesota.

In several of these States the demand for Teachers was much greater than the supply sent. Letters have been received, giving very favorable accounts of the kindness manifested towards the Teachers, and their flattering prospects of usefulness. The character and influence of these Teachers have awakened new interest and exertions for this cause, wherever they have gone.

The result will probably be, that a much larger number will be demanded this fall. The friends of education at the West are making efforts to improve their school systems, and feel that aid of immense and incalculable value will be afforded by sending them well qualified and self-denying Teachers. The foundations of many generations are now being laid in these great and teeming States, and a field of usefulness is here offered to Christian women, such as has never before been seen. The work involves sacrifices, but the reward is sure in the endless blessing of thousands of children who are ready to perish.

To Teachers who may be willing to enter this field of labor, the Board of National Popular Education will furnish a gratuitous preparatory training, and the means of defraying their traveling expenses to the places of their destination; and will also secure the necessary arrangements at the West for their reception and employment, with "compensations which shall furnish them a respectable support. In return, it is expected that the Teachers will continue in the employment for at least two years, and that the travelling expenses advanced to them will be refunded to aid others, in cases in which such income may be secured as shall furnish the ability to do it.

Applications are invited from ladies wishing to be employed. They will please address Miss C. E. Beecher, (post paid) at Brattleboro, Vt., at some time between the 10th and 25th of August stating in what branches they are qualified to teach, and their views and motives in seeking the employment; and transmitting testimonials from their Clergymen or teachers, in reference to all the following particulars:—Name, Residence, Age, Religious denomination, amount of School Education, General Appearance and Manners, and Moral Religious character. It is hoped that those who are asked to furnish testimonials, will bear in mind that good common sense and discretion are indispensable. All who will prepare themselves for examination in Cutter's Physiology before coming, will secure some important advantages by thus gaining time for other things

The first class was made up of Teachers from five of our largest Evangelical denominations, and the Committee employed in locating them, are constituted in the same manner. It is hoped that the next class will contain representatives from all these denominations

A Cunning Thief.

An ingenious thief, named Chamassot, was accused before the tribunal of correctional police of a robbery, remarkable for its cleverness. Chamassot was in the fish market, when he knocked against a person who had his hand full of 5f pieces, and scattered them on the ground. He demanded pardon in a very humble manner, and immediately set to work to collect the pieces. Having handed several to the owner he went away, but the latter finding that 20 were missing seized Chamassot as a thief.—At the guard house the man was carefully searched, but nothing at all was found on him. A police agent shortly after searched him again, but found nothing. On looking, however, at the soles of his shoes, four 5f pieces were found firmly embedded in cobbler's wax, a thick coating of which the clever thief had placed expressly to perpetrate such a robbery. This being Chamassot's second offence, he was condemned to five years' in prisonment, and to be exposed in the pillory.—Paris paper.

Speaking ill of a Neighbor.

Never place confidence in a person who makes it a practice to run down his neighbor and his neighbor's goods, because he is in the same line of business. There are those who are so destitute of moral principle—so mean and selfish that they can not endure the thought of the prosperity of their neighbors, and when they are out of certain articles; which they know their neighbors have in abundance, they do not hesitate to tell the purchaser he cannot obtain in the city what he is in pursuit of.—Such a course may answer for the time being but it eventually results to the injury of the liar When the character of such are found out, their customers gradually leave them, believing that, if they lie in one case they will in another—and not only lie but cheat also. The most dangerous men to deal with, are those of this description. You never hear the truly upright man speak ill of another. With double dealing and dissimulation he is a stranger.

[Portland Tribune.

For the Whig and Courier.

To Miss A. R. L....., of Bangor.

Thanks for thy kind remembrance, friend of some few bright hours;
Untried by grief—with all the bloom of life's unfaded flowers,
Glowing around the memory of friendship, quick matured,
The pure, warm gushings of the heart, upon its altar poured.

I have not known thee long enough, to blend with tho't of thee
The changes and the blights of time, the world's inconstancy;
All yet is fresh and bright and new—feelings by years unworn,
Reflected in hope's mirror, still, as in youth's early morn.

Thou hast but sipped the world's first cup of pleasure and delight—
Just tasted is its sweetness, unshadowed is its light;
And thou wilt many a welcome meet, with friendship's warm return,
Ere thy young heart be seared by thoughts which darker, fiercer, burn.

It is enough that now in joy, my thanks I give to thee,
Friend of bright hours which circle still around thy memory;
And though the time perchance may come, when we as strangers part,
I'll keep these thoughts as some sweet dream which flitted o'er my heart.

☞ SPECIAL NOTICE! ☜

The extraordinary GRAEFENBERG PILLS, which are achieving unparalleled triumphs in various sections of this country, are now introduced into this vicinity.—Let every sick person read the advertisement of the Graefenberg Company, which will be found in another column.

For sale in Bangor, by D. BUGBEE, Agent.

Chills and Fever.—*Wright's Indian Vegetable Pills* are one of the best, if not the very best medicine in the world, for the cure of Intermittent Fever, because they excel all others in ridding the body of those morbid humors which are the cause, not only of all kinds of fevers, but of every malady incident to man. Four or five of said Indian Vegetable Pills, taken every night on going to bed, will in a short time make a perfect cure of the most obstinate case of chills and fever; at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified that fever and ague, or disease in any form, will be absolutely impossible.

Beware of Counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine. The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State.

The genuine for sale by DAVID BUGBEE, who is the only authorized agent for Bangor.

ADAMS HOUSE,

No. 37 Washington Street,
BOSTON.

L. & W T ADAMS beg leave to inform their friends and the public that they have taken the above new and splendid Hotel
THE ADAMS HOUSE was erected during the last season to supply an obvious demand for increased and superior accommodations in this City It is located on Washington street, within five minutes walk of the great Southern and Western Rail Road Depots, and the business sections of the City It is adjacent to the Park and the Cupola commands a beautiful view of the Harbor and the adjoining towns
The House has been constructed after the most approved plans, with all the modern inventions that minister to the comfort and convenience of the Traveler, and the Constructor's long experience in Hotels has enabled him to introduce many improvements, which are, as yet, peculiar to this Establishment It is built of Quincy Granite, and contains *one hundred and fifty Rooms* conveniently arranged in suits and single apartments, well ventilated and supplied with an abundance of pure soft water
The Furniture was made to order from the best patterns, with special regard as well to comfort and convenience, as luxury and splendor
Our Table will be supplied with all the luxuries of the season, and we pledge ourselves that the *first* *fan*ilies of the season shall be found upon it
We have devoted unusual attention to the selection of Servants and our Guests may rely upon prompt and polite attendance
Porters will be in readiness at the various Depots to take charge of baggage, and provide Carriages for our Guests
The Proprietors trust by strict attention to the wants of Guests to merit a share of patronage as suring all who may favor them with a visit that nothing shall be wanting on their part to render the ADAMS HOUSE second to none in the Union

Thompson's Compound Syrup of Tar and Wood Naptha—If a man alls common sense will suggest that he ought to have recourse to proper medicine for the removal of his ailments This may be done either by consulting a respectable physician or by taking a preparation which has been proved tested, and met with the universal approval of the public This plan however is seldom adopted owing to the specious advertisements of villainous quacks, who unblushingly assert that one particular medicine will cure every disease that flesh is heir to from the tooth ache to the gout These wicked fabrications are read by a majority of the people, who swallow the bait, the result of which is, the public are first plundered, then half if not quite poisoned and the [illegible] realize fortunes *quod erat demonstrandum* How much better it would be if people would inquire into the merits of a particular medicine before purchasing It would remove all doubts, and secure the purchaser from imposition We make the above remarks to introduce to our readers "Thompson's Compound Syrup of Tar and Wood Naptha" a preparation of *standard merit* in the relief of consumption asthmatic affections and diseases of the lungs and throat This medicine we have used with the most triumphant results, and many cases of affections of the lungs have come under our notice which were speedily cured by a few bottles of *Thompson's Compound Syrup of Tar and Wood Naptha* Beware of others and get the genuine It is prepared only by Agnew & Dickson, at the N E corner of Fifth and Spruce streets
The above medicine is for sale in this city by Hall & Young, agents, 4 Smith's Block,

Dr. Townsend's
SARSAPARILLA,
The Most Extraordinary Medicine in the World.

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.
The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Spring and Summer medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of disease; at least 6000 of these were considered incurable. More than

3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
3000 cases of Consumption,

and thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, salt rheum, pimples on the face, &c., &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c. &c.
This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs me that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure, and to men of character. It is the best medicine for the prevention of disease known. It undoubtedly saved the lives of more than
5,000 CHILDREN, THE PAST SEASON,
as it removed the cause of disease and prepared them for the summer season.

UNITED STATES OFFICER.
Capt. G. W. McLean, of the United States Navy, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.
RAHWAY, Jan 2, 1847.
A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe that it saved my life, and would not be without it under any consideration. G. W. McLEAN.

SCROFULA CURED.
This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.
Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores; have taken some four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully,
ISAAC W. CRAIN, 106 Wooster st.
New York, March 1, 1847.

Brooklyn, Jan 3, 1845.
TO MOTHERS AND MARRIED LADIES.
This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicine taken for female weakness and disease.

GREAT FEMALE MEDICINE.
Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.
Nothing can be more surprising than its invigorating effects on the human frame. Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.
It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with a healthy offspring.
Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public. M. D. MOORE.
Albany, Aug. 17, 1847. cor. Grand and Lydius sts.

OPINIONS OF PHYSICIANS.
Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.
This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.
H. P. PULING, M. D.,
J. WILSON, M. D., R. B. BRIGGS, M. D.,
P. E. ELMENDORF, M. D.
Albany, April 1, 1845.

The following is from one of the most respectable physicians on Long Island:—
Greenport, July 10, 1846.
Dr. Townsend: Dear Sir—It is with satisfaction that I say to you, that I have recently witnessed, in several cases, the most beneficial results from the use of your Extract of Sarsaparilla. Being engaged in the practice of medicine, I have prescribed it in several cases, and never without benefit. In the removal of diseases arising from a deranged state of the digestive organs, jaundice, &c., it far excels any thing of the kind ever before offered to the public. You will please send me two dozen, &c. &c. Respectfully yours,
E. C. PRESTON, M. D.

RHEUMATISM.
This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.
☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:
Dr. Townsend—I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY.
Hartford, March 12, 1845.

PILES, PILES! PILES!!
Dr. Townsend's Sarsaparilla is no less successful in curing this distressing complaint, than for diseases of the Blood, Dyspepsia, Rheumatism and Nervous Debility. Read the following:—
Dr. Townsend: Dear Sir—The effects of your Sarsaparilla are truly wonderful. For the last six or eight years past I have been subject to severe attacks of the piles, during which I have suffered all the tortures of that complaint, and have despaired of ever finding relief, except in death. I have the pleasure to inform you there is yet a balm in Gilead. I have used two bottles of your Sarsaparilla, and feel no remains of my old complaint. I send you this for publication, and any person you may refer to me, I would be happy to inform of the benefit I have received at your hands.
Yours truly, JOHN HALL, 49 Fulton st.
July 5, 1846.

CAUTION!
Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, &c. They generally put it up in the same shaped bottles, and copy our certificates and advertisements, claiming that theirs is far superior, or a number of times stronger than Dr. Townsend's, &c., hoping thereby to deceive the public. Some use ... a few use their own. Some of these unprincipled men publish ... certificates ... others have altered their ... and other ... persons to allow the use ... names, to which they put Esquire, to give them respectability. The public should be on their guard ... look out for counterfeits.

JULES HAUEL'S
PREPARATIONS!
TRY THEM, AND JUDGE FOR YOURSELF!

TO THE PUBLIC.
Wonderful! That's Right—A proper Principle adopted.

YOU cannot object to giving my articles a trial. If they are not found to be as represented, return them and your money will be cheerfully refunded—for, there is no *quackery*—no *humbug*—here, it will cost you nothing—so if any one is humbugged it will be myself. With the utmost confidence I commend to the particular attention of the public the following articles. First—

MY EAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleanses the hair exquisitely, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It excites the scalp to a new and vigorous action, cleanses it from *scurf* and *dandruff*, and its effect in the restoration and growth of the hair is unequalled by any other preparations of the kind. Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP.
Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion.
No lady's toilet is complete without this article. Its effect on the skin is strikingly beautiful. It removes all harshness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

MY SHAVING CREAM:
"It is a luxury to shave with Jules Hauel's Premium Cream."
This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather. It does not *smart*, or *irritate* the skin; on the contrary, it is very soft and highly emollient. No person will use any other, after once using this admired preparation. Fourth—

MY DEPILATORY POWDER.
This Powder has never failed to produce the desired effect. Its composition is infallible, and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the side of the face, arms, &c., giving a masculine turn to the features, and who testify of its happy effect. Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.
A Chemical Result to enable persons to dye their hair instantaneously with the least inconvenience.
"My white hair has been changed like magic by using one box only of Jules Hauel's celebrated 'Vegetable Liquid Hair Dye.'"
For changing red or grey hair, whiskers, eye brows, &c., to a brown, black or chestnut color. The slightest evil consequences need not be feared from its use—it is altogether harmless. This composition is the only one sanctioned by the science of chemistry to dye, in an infallible manner, the various gradations of colors, without danger or inconvenience, and has justified the liberal patronage and unlimited confidence of the public.
☞ *Beware of Counterfeits!* Ask for 'Jules Hauel's Vegetable Liquid Hair Dye,' if you want the genuine article. Sixth—

MY UNRIVALLED ROSE TOOTH PASTE,
Is universally sought after, for the pearly whiteness it gives to the teeth, without the slightest injury—Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.
Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies.
This Powder is unequalled for the nursery, for restoring, beautifying and preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chopping, and obviates too copious perspiration. Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet.

NINE HUNDRED DOLLARS REWARD
Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair Dye* is not the best,—the very best yet known in this country or in Europe.—This valuable discovery will enable a person to dye instantaneously the hair or whiskers, in a few minutes, without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health or the hair, and retain all its softness and brilliancy.

From a celebrated Chemist of the City of Philadelphia.
"DEAR SIR:—It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative*. I have been surprised by its wonderful and beneficial results, and have no hesitation in saying, that I believe it to be the most valuable and extraordinary discovery ever known for restoring and reproducing a fine and luxuriant head of hair. In regard to the *Nymph Soap, Hair Dye, Rose Tooth Paste, Depilatory Powder,* and *Shaving Cream*, I must say that they are scientifically compounded, and that it is a real luxury to use them. Yours, &c.
JOHN FARR, Chemist,
President of the Manufacturers' and Mechanics' Bank, Philadelphia.
MR JULES HAUEL."

Try it! Try it! It is furnished Gratis!
The most positive and convincing proof of the superiority of an article depends on the favor and satisfaction it has received from those who have used it.—With respect to my *Shaving Cream*, it is always used with satisfaction, and has everywhere met with universal approbation.
Those persons who have not made use of this delightful preparation may, by calling at the Store of the Proprietor, No 120 CHESTNUT Street, receive, without charge, a small box for trial, as I am determined to let all try it and judge for themselves.
Prepared and sold, *Wholesale and Retail*, by
JULES HAUEL, Practical Chemist and Perfumer.

An Extract from the Report of the Judges of the Franklin Institute of Pennsylvania.
"After a minute and careful examination of the preparations submitted to our notice by Jules Hauel, Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable preparations, well calculated for the toilet."

READ THE CERTIFICATE.
"The Franklin Institute of the State of Pennsylvania for the Promotion of the Mechanic Arts, have awarded to Jules Hauel, of Philadelphia, their Testimonial of their approbation for the skill and ingenuity displayed in the manufacturing of his celebrated 'Eau Lustral Hair Restorative' and other perfumery, deposited at their late Exhibition of Domestic Manufactures in the city of Philadelphia.
(Signed) J. V. MERRICK, President.
J. SMITH LUKENS, THOS. FLETCHER, } Vice Presidents.
J. B. GARRIGUES, Rec. Secretary."

From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.
"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family (and some of them personally), I have more than realized these favorable anticipations—they are, what they profess to be, scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the *Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap*, and, in fact, all the popular preparations of Mr. Hauel.
It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable.
CONSTANT GUILLOU."

From DANIEL J. DESMOND, Esq., Attorney at Law, Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.
"To MR. JULES HAUEL.
SIR—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.
I have seen some of my friends who have used your Vegetable Liquid Hair Dye, its effect is really a wonder. It dyes the Hair in an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artifice ... DANIEL J. DESMOND.

THE
GRAEFENBERG PILLS.
THERE ARE THE MOST CONCLUSIVE REASONS why that class of Medicines denominated "PATENT" should be made the means of incalculable and enduring blessings to the human family. Suppose, for example, that a high order of talent, long and sagacious observation, and great medical learning and experience are brought to bear upon the invention and manufacture of a PILL. Why may not this long devotion to this division of medical science be crowned with the success that attends the sacrifice of similar talents and skill in other things? There is no reason, and it is but the simplest dictate of the simplest common sense to say that a Pill thus produced will be as perfect an article as can be made by man. *Twenty-five years devotion* to any one subject will give a man of ability the mastery over it. This labor has been bestowed upon the

Graefenberg Vegetable Pills

and they are presented to the public with claims unparalleled in the whole history of medical science.
It will be seen, in tracing the history of all great inventions, that they were not made or discovered until the arrival of what may be termed THE FULNESS OF TIME. The mariner's compass, for instance, was not invented until in the "fulness of time" it was needed. The loadstone always lay at man's feet, but he never knew what a wonderful and unerring guide was treasured in its silent bosom until the Divinely appointed time drew near when distant continents and islands were to be unveiled. Behold it now transferred to the binnacle of the adventurous sailor, enabling him to launch far away upon unknown Oceans, instead of timidly sailing within sight of familiar land marks!
So with the discovery of the New World, upon whose bosom was to arise this Giant Nation to a power and glory, a mission far beyond the conception of the wildest fancy. The Old World had reached its highest destiny, the "fulness of time" drew near for the revelation of the New, and behold the immortal Columbus, from the forecastle of his drenched and crazy vessel, found it! So with the invention of printing, of steam, of the magnetic telegraph. Each of these had its own "fulness of time," marked, distinct and Providential.
☞ IN MEDICAL SCIENCE THE SAME GREAT PHILOSOPHICAL PRINCIPLE IS EQUALLY MARKED. Most beautiful are the illustrations and proofs of this which are to be found in the history of the world. We can trace them from the Mosaic dispensations down to the present hour, all of them teaching us the lesson and giving us the hope that *something yet better* to heal human maladies is at hand.
That this principle is as true of Medical as of Physical science, is clearly shown in the

GRAEFENBERG GAZETTE,

which is furnished gratuitously to all who wish it.—The

Graefenberg Pills,

are deemed by all who have tested them to be an inconceivable advance upon all other medical combinations and discoveries hitherto known, and they are announced as

THE GREAT REMEDIAL TRIUMPH.

The inventor of these Pills rests his theory upon no school nor dogma of ordinary medical teachers. Planting himself upon the revelation of the

ALMIGHTY CREATOR,
THAT
"THE BLOOD IS THE LIFE,"

he requires that his disciples and his patients *make pure the life current* that leaps through their veins and arteries, before they can hope for PERMANENT cure. Redeemed, they can give them, and so can others, but bright and joyous health must come from a pure blood.
But a most sad thought here comes in! So countless are the impositions which are practiced upon the public by pretenders, and so numerous and boastful are the medicines advertised, that the reader may be slow to believe in this Great Remedy. A word therefore on this point.
In the first place, READ THE GRAEFENBERG GAZETTE. No matter how sceptical you may now be, that paper will convince you. Thousands *have been* convinced in every State and Territory of the Union, and among them distinguished statesmen, jurists, clergymen, physicians, civilians. The bare enumeration of their names would fill this page. Let the reader send to the most convenient agency for a copy of the Gazette, which can be had

GRATIS!!

In the second place, TRY THE PILLS. It will cost but the merest trifle, and will introduce you to a medicine which you will deem a blessing to the end of your days.
A thousand things press upon the minds of the advertisers which they would rejoice to say to the reader, but the limits of this advertisement forbid. But let any one afflicted with the following diseases make trial of the Graefenburg Pills and they will be PERMANENTLY CURED.

Asthma,	*Fistula,*
Bilious Complaints,	*Fluor Albus, or Whites,*
Boils,	*Gastric Fever,*
Bowels, deficient action in,	*Green Sickness,*
Breast Pang,	*Gripes,*
Catarrh,	*Heartburn,*
Constipation,	*Headache,*
Cough of Pregnancy,	*Hysterics,*
Costiveness,	*Incontinence of Urine,*
Diarrhea,	*Indigestion,*
Difficult Breathing,	*Inflammation of vital parts,*
Dyspepsia,	*Inflammation of the stomach,*
Dyspeptic Consumption,	*Jaundice,*
Digestion, imperfect,	*Liver complaints,*
Determination of Blood to the head,	*Low spirits,*
Ear Ache,	*Menstruation, Suppressed or painful,*
Erysipelas,	*Nervous disorders,*
Fits,	*Neuralgia,*
Fever—Low, Nervous, Intermittent, Remittent,	*Rheumatism,*
	Stomach, various diseases,
Fever and Ague,	*Whites.*

In all bilious or chronic disorders, these Pills achieve the most wonderful triumph. HERE THEY DEFY COMPETITION. And as the susceptibility of the American constitution is to these diseases, they are aptly styled by some

The Pill of the New World.
Their wonderful efficacy in these complaints arises from their power to OPEN THE PORES, CLEANSE AND STRENGTHEN THE STOMACH AND BOWELS, MAKE THE URINE FLOW HEALTHILY AND CLEAR, AND TO GIVE TONE AND STRENGTH TO THE SYSTEM.
It is impossible, within the limits of an ordinary advertisement, to give the reader the reasons for the most extraordinary success and spread of these Pills. But REASONS DO EXIST, which have abundantly satisfied thousands of the citizens in this country and among them the accomplished Physicians, Jurists, Clergymen and private citizens, male and female.
☞ NUMEROUS CERTIFICATES of the wonderful efficacy of these Pills might be presented; but a certificate in these days is scarcely worth the paper on which it is printed. A few extracts from the correspondence of the Company, will, however, be given.

FROM INDIANA.
"Your enterprise is the enterprise of the day. Its magnitude will astonish its originators. It is destined to effect a complete revolution in the medical world."
FROM A JUSTICE OF THE PEACE IN WESTERN N. YORK.
"I have sold a number of boxes to the citizens of this place. They have given entire satisfaction, and they are destined to become the most popular Pill of the day."

FROM TOLEDO, OHIO.
"Having heard so much, and witnessed two or three cases treated in the mode directed by your Journal, I have thought it important you should have an agent at this place. In my opinion, more good can be done in this bilious climate by your medicines, than by the old mode."
I address you at the instance of a friend who is making a thorough trial of your remedies, and with complete success."

FROM A DISTINGUISHED GENTLEMAN OF BOSTON.
Gentlemen—
I cannot refrain from troubling you with a few lines to express my great pleasure in being able to say, that I have experienced the greatest relief from the use of your Pills. For many years I have suffered much from constipation, which has disarranged my whole system, and I have not known a day's good health for many years past. Although an old man, I despaired of ever again enjoying life; but a friend recommended me to try your Pills, which I did, although without any confidence; the result, I am happy to inform you, has far exceeded my expectations, the cause of my sufferings is nearly removed, and I feel my health and strength daily renewed, and I am satisfied that the merits of your Pills, when tested, must be acknowledged by the whole community, and will become the most popular medicine of the day."

FROM JUDGE ———, OF GEORGIA.
SIRS,
Since writing to you last upon the subject of my ill health, I have been taking your medicine, and am pleased to say, that they have been of great service to me, and if they continue to give me the relief I have already felt, I shall bless the day you sent them. I need not allude again to the sufferings I have before told you of, but intend to persevere, and hope to be able, the next time I write, to give you the happy intelligence of a perfect cure. I have heard of many instances in my neighborhood where they have performed some extraordinary cures."

FROM AN EPISCOPAL BISHOP.
Gentlemen—I consider it to be the duty of every Christian to make known to the world any advantage that they may have derived by accident or from any discovery of their own, and with this sentiment strongly impressed on my mind, I feel great gratification in having it in my power to speak in the highest terms of the valuable discovery you have made in the production of your Pills. I was induced to try them, from the philosophical manner in which you have reasoned on the subject, and I must do myself the pleasure, and you the justice to say that I had no conception so speedily an effect could be arrived at. My complaint has been that of the Liver, from which I despaired of getting better, but since taking your Pills, I find my general health, spirits and appetite so much improved that I hope to find myself able to endure, without bodily suffering, the duties of an arduous Profession. In future I will send to your agent for more Pills when needed. With great consideration and gratitude, I am, &c.
From every section of the entire country similar testimonials are daily received, but our limits forbid further extracts. ONCE TRIED, THE GRAEFENBERG PILLS WILL SUPERSEDE ALL OTHERS.

CONSUMPTION CURED!
TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY
FOR
COLDS, COUGHS, ASTHMA and CONSUMPTION.

The most celebrated and INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by Dr. Buchan of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.
The astonishing success of the Hungarian Balsam in the cure of every form of CONSUMPTION, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as confirmed and INCURABLE. The Hungarian Balsam has cured, and will cure the MOST DESPERATE of CASES. It is no quack nostrum, but a standard English Medicine, of known and established efficacy.

TO THE CONSUMPTIVE!
Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a *preventive medicine* in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma, influenza, hooping cough, and croup.
In case of actual disease of the lungs, or seated consumption, it is the ONLY SOURCE OF HOPE.

DEAFNESS CAN BE CURED!
COOPER'S ETHEREAL OIL.—A prompt and lasting remedy for *DEAFNESS*, Noise, pains and discharge of matter from the Ears.
Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery.
This valuable Acoustic Medicine, is a compound of four different Oils, one of which, the active and principal ingredient is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of Deafness.
Persons who have been deaf for 10, 15 and even 20 years, have been permanently cured by using this Oil. In fact, so numerous and so emphatic have been the testimonials in its favor, that the Inventor claims for it the distinction of an Infallible Remedy in all cases, when the Ear is perfect in its formation.
For further particulars, and evidence of its great value, see printed sheets in the hands of Agents.

DR. S. O. RICHARDSON'S
CONCENTRATED
Sherry-Wine Bitters.
THE Proprietor of this medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.
It cannot be denied by those who have become acquainted with the singular virtues of the Bitters that they possess a pre-eminence over all others now in use, for the diseases which they profess to cure.
It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels in youthful, adult and declining life.
The extensive sympathies which subsist between these and every other part of the living body, is the foundation of Nervous Diseases of all kinds—Irregular Appetite, Languor, Drowsiness, Wandering Pains, Headache, Lowness of Spirits, &c.
And these in their turn give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Piles, Fever, Inflammatory Humors, Coughs, and a host of diseases which embitter life and poison all sources of enjoyment.
The distinguished character of these Bitters is most striking, their operation being more or less powerful according to the violence of the disease. When used in appropriate quantity in cases of slight derangement of the Stomach and Bowels, caused by costiveness or a slight bilious disorder, and the like, where nature needs assistance to prevent more serious consequences, they will be scarcely felt.
On the contrary, in obstinate cases they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified. This accomplished, they act on the system in connection with our food, each receiving mutual assistance, until the constitution is restored to a state of health and renewed vigor.
